This summer, the Colorado Center for Progressive Leadership cordially invites you to be a part of developing Colorado's future progressive leaders

We're also excited to welcome **Congressman Jared Polis** as our guest speaker.

Jared Polis is a successful innovator and entrepreneur. He has founded several successful internet companies, including Proflowers.com and bluemountain.com. In 2008, Polis was elected to the 111th Congress, representing Colorado's second congressional district.

All proceeds will go to providing scholarships for future leaders to attend CPL Colorado's leadership training programs.

Tickets are \$50 per person and \$450 for a table of ten. All donations are tax deductible.

Every donation will be matched dollar-for-dollar by a national donor. This means for every dollar donated, CPL will receive two dollars to support our work and Colorado's emerging leaders!
